## What have the Jaybots been up to?

In the past month, our team has dedicated themselves to making even more progress on our robot in anticipation for the upcoming competition. We had another event like Robot in 3 days, held a CAD workshop to teach students how to use CAD, and attended the Thunderbird games. We also had members of our team present at a technology conference for NYSCATE about two topics relating to AI and cloud computing, and had a cleanup day where the team got together and organized our tools, preparing for a great season! We look forward to our future outreach events such as the FTC Coding Workshop 12/14 and the Merit Badge Day 12/20. We will also be holding our John Jay Qualifier soon! We would greatly appreciate any kind of help with our qualifier. If you are interested in becoming a volunteer, please scan the QR Code on the flyer below or visit [jaybots.org/tournament](http://jaybots.org/tournament):

**JAYBOTS ANNUAL ROBOTICS TOURNAMENT**

SATURDAY, DEC 6TH, 10AM  
AT JOHN JAY SENIOR HIGH SCHOOL

Interested in STEM? Join us for our biggest event of the year! Watch teams compete with their newly built bots at the first tournament of the season!

### Message from our President

We're starting the season off strong, and I can't wait to host our tournament and start competing with other teams. We've made good progress, and we plan to keep up the pace!

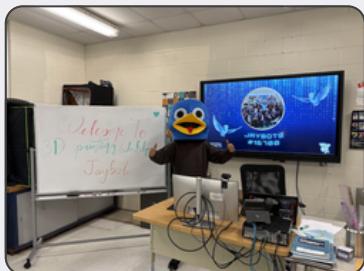

## Robot in 2 Days

During Robot in 2 days our team made great progress on assembling our robot. Since then, we've made a few design changes and we're currently preparing for our upcoming scrimmage on November 22.

## CAD Workshop

Anika, our CAD leader, in our mascot costume during our CAD workshop to introduce the team!

Two JAYBOTS working on CAD during the lunch break at our CAD Workshop!

Ava working with attendees of our workshop on 3D pens.

Anika teaching a student how to create a 3D model of their design with CAD.

## THUNDERBIRD GAMES

We ran a booth for Cub Scouts where they drove our outreach robot and used our 3D Printing Pens.

## MERIT BADGE DAY

If you are interested in signing up for this event, please scan the QR Code below and refer to the flyer for more information!

HOSTED BY FTC TEAM #16700 JAYBOTS  
WITH HELP FROM MEMBERS OF TROOP 182
